1. Usability (2 pts)

    a. Who evaluated your site?

        i. Matthew Quintero

    b. What did they say about the purpose of the page?

        i. "The main purpose is to highlight people in the organization based on the pictures on the main screen. I struggled understanding the main purpose within 5 seconds of being on the main page just because of how much scrolling due to the pictures."

    c. What are the main elements they recalled?

        i. "Main elements include pictures, navigation, text about the organization, and a banner on top."

    d. Who do they think the intended audience was?

        i. "Other students and faculty who go to Syracuse University who may be a veteran who knows others with veterans"

2. Site Testing – What changes did you make or what notes did you write about proofing changes? (2 pts)

    a. My css style sheet was not correctly named on two of my sites, so I corrected it. I also added the President's headshot as well as fixing the names because there were two names under one person's headshot.

3. Favicons - Submit the url for a page that shows your favicon. (2 pts)

    a. https://ebdemesa-gif.github.io/ist263/favicon.ico

4. Google Fonts - Submit the url for a page that shows your google font. (2 pts)

    a. https://ebdemesa-gif.github.io/ist263/lab14/

5. Domain Names - Submit the available domain name you researched above and tell me why that is a good domain name for your project. (1 pt)

    a. For my project I would like to use : StudentVeteransOrganization.vet

    b. This makes sense to me because ".vet" is a domain name for veterans (google)

    c. This is a good domain for my project because it is our Organizations name with ".vet" which is just very fitting and it only cost $43.98 per year.

6. Submit answers to the following: (1 pt)

    a. What questions did you have about the lab? What didn't you fully understand?

        i. I do not have any questions about the lab.

    b. What was the hardest part of the lab?

        i. The hardest part about the lab is that it is the last lab 🥴

    c. Rate your comfort level with this week's topics.

        i. 1
